Key notes

This exhibitor manual is to the best of today's knowledge correct and complete. The manual will be developed over the next months based on the ongoing situation and the most up to date version will always be available on the website.

Our Sustainability Choice

The ITS European Congress Host and Organisers are conscious of the impact on the environment that our event may have. **We believe together with our exhibitors, partners, and participants we can make a difference.**

Therefore, please note that to reduce the number of materials produced, **we promote a paper-less Congress** and in this case, a full programme will not be printed. We will invite everyone to **download the App** of the Congress for the most updated information on the programme. This app will be available on App Store and Play Store a few weeks before the Congress.

A bag for paper and brochures will not be produced either. We **encourage you to focus on digital and frictionless solutions** for your visitors. Together we could minimize our impact on the environment.

During the registration process, you will also be able to compensate the carbon footprint of your individual transportation.

In case of specific questions related to sustainability, please do reach out to the organiser via email itseuropeancongress@mailcongress.ertico.com.

Exhibitor

Please note that the term 'Exhibitor' describes any company or organisation that has made a successful application for space allocation in the technical exhibition to be organised in the framework of the ITS European Congress 2023, or any agent or representative acting on behalf of the exhibitor or a demonstrator.

Promotional activities

Use our downloadable promotional assets kit to promote your participation in the congress!

The Congress website includes a [downloadable Promotional Assets kit](#). It can be found on the Media & Press page on the [website](#). The Congress logos, promotional banners, social media banners, and communication templates are all included in this kit.

GREAT NEWS come to those who sign up!

Stay informed on the latest Congress updates, subscribe to the [Congress Newsletter](#). For any specific questions on Marketing & Communications, reach out to the Marketing Team at Congresspr@mail.ertico.com.

Build-up and dismantling

Breakdown and removal of exhibits may not commence before the official closing time. Any special arrangements for build-up or break down and removal of exhibits must be made in consultation with the [Exhibition Logistics Team](#) and involves the payment of an overtime fee, according to the price list.

Exhibits must remain fully intact and always staffed. Dismantling of exhibits and removal of products or display material is limited only to published dismantling hours. The dismantling or abandonment of the exhibit will cause remedial actions by the exhibition management company. Relating costs will be borne by the exhibiting company.

Companies involved in assembling and decoration of stands are required to have a previous credential, which implies the presentation of an insurance policy for civil and professional liability, covering damage caused in the premises or to a third party and possible damage due to stoppage of CCL's activities, in the amount of 1.000.000,00 EUR.

The exhibitor is **responsible for the safety of its products, displays and stand**. During the set-up and breakdown period, no material should be left unattended at any time. It is the responsibility of each exhibitor to **leave the stand space clean and tidy** during the exhibition and after the break-down. All exhibits, displays, stand fittings and materials must be removed from the premises by the time and date stated by the Exhibition Logistics Team. The Exhibition Logistics Team can demand that exhibitors restore their exhibition area to the original condition at the exhibitor's own expense. If exhibitors **leave rubbish behind, charges will apply**. Stored materials, empty containers and packing material must be disposed of.

Should there be a breach of regulation on assembly and decoration of stands and/or a breach of technical nature, CCL considers itself to be authorised to carry out necessary procedures to regularise it, which may involve closing the booth. The costs resulting from this corrective action will be charge to the exhibitor/Organizer.

Breakdown deadline

All exhibits and stand **equipment must be removed** from the halls **by 23:59** on Wednesday, **24 May 2023** and all personnel should leave the premise by **00:00 at the latest**.

Exhibition Access

Exhibitor access (assembly, dismantling, exhibitors, organisers) is located to the east of the building (please refer to the floorplan below). Access control will be carried out at the boom barriers, no prior registration needed. **No unauthorised persons or persons without accreditation will be allowed to enter the premises.**

Access to the halls for trucks is prohibited. Loading and unloading of semi-trailers must be carried out outside the halls. All lifting and supply equipment must be equipped with **white rubber wheels** in order not to damage the floors of the halls. Stand Construction Guidelines

The exhibitors must conform to the contracted space and all display rules as outlined in the ITSEuropeanCongress2023 exhibitor manual. Any aspect that is not covered in the ITSEuropeanCongress2023 exhibitor manual is subject to approval by the [Exhibition Logistics Team](#) and the Congress Centre Lisbon (CCL).

The safety and stability of the booth construction and all used material is the sole responsibility of the exhibitor. Neither ITSEuropeanCongress2023 nor Exhibition Logistics Team nor CCL take any responsibility for any damages or accidents caused by exhibition stands. It is the responsibility of the exhibitor to have proper liability insurance.

Obligations and Sanctions

- Stands must be open during the exhibition's opening hours, and the presence of a representative of the exhibitors must be always ensured.
- The **exhibitors are forbidden** to do the following, and contempt of this rule will lead to sanctions which can involve closing the stand:
 - Corporate advertising
 - Advertising that makes a direct comparison with third party articles and/or products
 - Distribution of flyers and/or promotion material outside their stands
 - All advertising which may in any way harm or bother exhibitors or visitors
 - Distribution of balloons filled with a gas that is lighter than air
 - Promotion of products other than those on display and/or in another industrial and/or business activity other than the exhibitors.
- The following must be approved by the [Exhibition Logistics Team](#):
 - The carrying out of tests or contests
 - The setup of resonant equipment in the stands, which **cannot exceed 60Db**.
- All activities in the booth area potentially attracting a large audience and causing queues (e.g., presentation, quiz, giveaways' distribution) may not be placed immediately at the borders of the booth facing the aisles, as this might impede aisle traffic. These activities must be clearly identifiable on the booth layout sent in for approval to the [Exhibition Logistics Team](#).
- ITS European Congress 2023 and the Exhibition Logistics Team reserve the right to stop such activities on the booth immediately, if they are blocking passageways around the booth area.
- Public announcements are not allowed by any exhibitors and are restricted for organizer and safety use.

Construction regulations

- Stands, including all equipment and exhibits and advertising matter are to be constructed with such stability as to pose no danger to public safety and order, and especially life and health.
- All exhibits must be confined to the spatial limits of their booth, as indicated in the final floor plan.
- Exhibition Management reserves the right to cancel stand construction and require changes in accordance with approved drawings and described stand concept.

- We strongly recommend you integrate **the booth number** into the design of your booth as it always helps to find your booth. As the booth numbers on the online floorplan have been adjusted, please make sure you check which booth number you have before integrating it into your booth before the event.
- Exhibitors will not be allowed to project images onto the gangways, ceilings, walls, or space which are not part of their stand.
- Special care must be taken to avoid lights and/or spotlights as well as all sorts of sounds that are annoying to visitors or neighbouring stands
- No signs may project beyond the delimiting walls of the stand, and each exhibitor must avoid hindering the view or entrance way of neighbouring stands.
- Audio-visual and other sound and attention-getting devices will be permitted only in those locations that the visitor viewing will be in the booth and not impeding aisle traffic and in such intensity as, in the opinion of the Exhibition Logistics Team they do not interfere with the activities of the neighbouring exhibitors.
- Exhibits or other devices which emit sound, light or smell must be operated and controlled so as not to irritate other exhibitors. The maximum noise level is **60 dB** measured at 1m from the speakers/stand. Any failure to comply with this rule will result in the power supply to the sound system and the related stand being cut off.
- Exhibitors are solely responsible to ensure that all necessary certifications are obtained by themselves or their appointed contractor for exhibiting in ITSEuropeanCongress2023.
- Exhibition Management reserves the right to issue further instructions concerning the design of stands.

Technical Rules – size, booth layout, etc:

- During set up and decoration of booths, the exhibitors must comply with following rules:
 - Stands must respect a **general height of 2,5m and cannot exceed 4m**.
 - Stands that exceeds the 2,5m height (only possible in Pavilion 2) must be submitted to the appreciation of the [Exhibition Logistics Team](#) at least 20 days before the date set for beginning assembly. This stand design must be provided with duly marked blueprints, vertical projections, and sectional drawings.
 - Assembly of stands that include the construction of second storey must have explicit authorisation from the [Exhibition Logistics Team](#).
 - The usable area and decoration elements that measure over 2,5m in height and max 4m, must stand back from the perimeter of the stands at least 1,5m.
 - The installations from the Congress Centre Lisbon (CCL) must be scrupulously respected, namely fire hydrants, extinguishers, loudspeakers, general indicators, television circuits, and fire detectors.
- The on-site building of stands in the whole exhibition area of CCL is strictly forbidden, as well as the use of cutting machines, welding machines, sanders and a spray guns. Stands must be devised and prepared so that their construction can be obtained solely by assembling the elements that constitute them.
- It is forbidden to use the walls of pavilions and columns to suspend or post exhibited pieces, decoration, construction, or informative items.
- Disassembly of the stands and removal of material cannot begin before the time officially set for closing the exhibition, except for special authorisation granted by the Organizer.

Internal use

**EUROPEAN
CONGRESS**

- Disassembly of the stands and removal of exhibited material must be concluded within the times set by CCL and already accept by the Organizer. Failure to comply with this deadline authorises CCL to remove the material and implies that all costs resulting from the measures taken to remove these materials will be charged.
- The premises must be handed over to CCL in the same condition as they were made available to the exhibitors, and all costs require making them so, are from their responsibility. Repair of occasional damage caused by carelessness or requirements of stand assembly, as well as cost derived from such assembly, are the sole responsibility of exhibitors/Organizer.
- Exhibitors are responsible for all the damage or harm caused by their structures, equipment, articles to be exhibited, or activities in their stand, as well as action of the subcontracted firms, when these firms harm visitors and other exhibitors.

Separation walls

All stands **must be separated from the neighbouring stand(s) by means of a separation wall**. The separation wall can be provided by the exhibitor or **can be ordered to CCL with extra costs**. This separation wall shall be in **white finish on both sides**.

With the exception of island booths (4-sides open), a back wall must be installed for every stand. Stands with an immediate neighbour(s) should also be provided with the necessary sidewall(s).

Heights

We kindly ask you to plan your constructions regarding the heights reasonable in order **not to block the view of possibly smaller stands adjacent to your own in an unreasonable way**.

Stands must respect a **general height of 2,5m and cannot exceed 4m height**

In case you are placed below the mezzanine a maximum height of 2,5m should be respected.

Materials, products, and gases strictly forbidden

The following are strictly forbidden within the exhibition halls:

- the distribution of samples or products containing flammable gas
- balloons inflated with flammable or toxic gas
- celluloid articles
- pyrotechnic and explosive devices
- the presence of ethyl oxide, sulphide, carbon, sulphuric ether and acetone.

Exhibition of motor vehicles

Motor vehicles must be exhibited on a carpeted area and with empty fuel tanks.

Submission of construction plans & approval

Responsibility for proper execution always lies with the builder.

The following are subject to special prior written authorisation from CCL which, if authorisation is granted, reserves the right, at the organiser's expense but on prior production of detailed estimates, to entrust the following to a company of its choice and to supervise their execution itself:

- work relating to heating appliances and smoke ducts
- work relating to the roofing of buildings or requiring traffic on the roofs for this to be carried out
- drilling into walls in the fixed construction elements of the halls
- trenches for pipes
- foundations intended to bear machinery and, more generally, all underground work.

<p>Type of booth: Complex booths</p> <p>These are booth that include:</p> <ul style="list-style-type: none"> • Machines • Thermal or combustion engines, Lasers or any other dangerous product 	<p>All <u>raw space</u> booths</p>
<p>Deadline: 1 April 2023**</p>	<p>Deadline: 17 April 2023**</p>

*Please note that CCL and external parties will examine the stands. If the required documents are handed in too late, an approval in time may not be possible.

****Documents submitted later than the periods stipulated above cannot always be reviewed in time.** Therefore, approval might not be certain before the start of construction. This may result in dismantling, alterations or blocking the stand. The costs of the structure approval proceedings will be invoiced to the exhibitor.

Procedure of submission

Please send the requested documents (as defined above) to: [Exhibition Logistics Team](#)

Once the design has been approved by Exhibition Logistics Team (approx. 5-7 working days), the documents will be forwarded to CCL for second approval. When the examination is done, the applicant will receive an electronic notification of approval or conditions for the construction of the stand.

Any stand structures that do not conform to the technical regulations or the law, must be altered or removed. If execution is not completed on time, CCL is entitled to make changes itself at the expense of the exhibitor. CCL is also entitled to close the stand to forbid access for visitors.

Any arising costs of approval proceedings by CCL will be charged to the exhibitor.

Electricity

Any electrical services can be ordered through the [Electrical Services Order Form here](#).

A **floor plan sketch** indicating the **desired location of connections must be included** in the orders. The exhibitor is responsible for every connection from the distribution panel.

Each stand is served from the establishment's network of switchboards, connection boxes or electrical cabinets (fixed and semi-permanent installations).

Each stand or exhibitor needs to order their electricity box through the [Electrical Services Order Form here](#).

The box must always remain accessible to the safety services but remain out of immediate reach of the public in the section reserved for the exhibitor's use, i.e., for the electrification of the stand.

Available electrical power to be used is **230/400 Volts – 50cycles** and is provided according to the conditions predicted by EDP (Electricity of Portugal). In case of fault or cut by EDP, electricity will only be provided for emergency exits (exclusion of exhibition and Events circuits).

All electrical set up must be approved by the [Exhibition Logistics Team](#) and the links to the general mains can only be made by same services. CCL will not be responsible for connecting to the mains apparatus that do not correspond to the information provide, and the exhibitors must name the person responsible for the stand's electric installation project. Damage caused to the mains or to the specific point by these connections is the sole responsibility of the exhibitors. It is essential that exhibitor give the power needed in the booth.

Security and Emergency Procedures

We highly recommend you wear safety shoes until the set-up is finished. A safety vest helps as well to be visible all the time. Thank you for your cooperation.

Safety & Access Control

All gangways should be maintained and there should be a **clear route provided to all Fire and Emergency Exits**.

- Fixed structures, exhibition counters, display cases, cages and the like must be set up in such a manner that they cannot be knocked over, and that there are **unobstructed evacuation routes at least 3 m wide to the exits**.
- Glass panes must be protected against breakage.

The emergency exits and escape routes must be always kept clear. The emergency exits and escape routes in the halls must **never be blocked by items left standing or jutting into the aisle**. A passage at least 3 m wide must be kept free, regardless of the width of the aisle and the goods left in the gangway. CCL can order the immediate clearance of all aisles or certain aisles for logistical reasons.

Emergency Procedures

You can consult [here](#) the Safety Management Measures of the CCL.

Security

Security services can be ordered [here](#).

ITS EUROPEAN CONGRESS and facility organisers expressly disclaim responsibility for any loss or damage to property of any exhibitor or demonstrator from any cause. To help ensure good security at the show, please follow these points:

- Make one member of your team responsible for your company's safety and security at the exhibition.
- Do not leave cash, handbags, mobile phones, valuables etc. in unlocked drawers, cupboards or on exhibits on your stand,
- Do not leave wallets in unattended clothing,
- Check all lockable desks and cupboards are locked before leaving your stand

Please note that build-up and breakdown days are high-risk periods. You are recommended to work in pairs so that the stand is always manned. Make sure you arrive prior to the official opening time and do not leave your stand at night before the hall is clear of visitors. **During the fair, you are free to order night-watch and security guards** as of early 2023 when price list and order form will be available.

Fire Protection

No flammable decorations or exposed flames may be used at any time.

- All carpet and decoration materials of paper and flammable fabric must be made fireproof and will be asked on site.
- Storage paint, liquids, gas, or other flammable substances in the booth space is forbidden.
- Any heavy amount of paper, or any other flammable products, should be regularly disposed.
- The display or use of burning, red hot, combustible, explosive or flammable materials is prohibited.

It is generally prohibited to build exhibition stands using any highly inflammable materials, materials that drip when burning, form toxic gases or produce a lot of smoke such as most thermoplastics including rigid polystyrene foam or similar.

Decoration materials must be classed as being at least flame-retardant (Class B1), may not drip when burning pursuant to DIN 4102-1, may only produce a limited amount of smoke or pursuant to EN 13501-1 must at least comply with Class C (C-s2, d0). **A test certificate of the fire classification of materials used must be available for presentation.**

Health & Safety

As the pandemic situation evolves all the time, the health and safety measures will change according to the latest requirements. Please bear in mind that the ITS European Congress in Lisbon will follow the COVID regulations in Portugal. We would like to reassure you that we continue to closely monitor the worldwide impact of the pandemic on the travel and corporate event industry. We can assure you that we will comply with all health and safety regulations in place at the time the event is scheduled. This requires flexibility and patience on all sides.

To ensure we are all better prepared, this manual will be developed and updated on a regular basis. For any detailed questions, please contact itseuropeancongress@mailcongress.ertico.com.

Please find up-to-date information about the Portuguese COVID regulations [here](#).

Tests
